

Forging Theater and Community

## ***JUMP INTO WATERWORKS!***

Saturday, February 24 (12-4pm)

Make a splash! This *open house* event is for anyone and everyone interested in acting and/or any and all volunteer opportunities during our second round of WATERWORKS in this Expectations Season 23/24. WATERWORKS is a celebration of new theatrical works coming up May 17-June 2, at Live Arts Theater. Last year so many of you joined us to make our inaugural WATERWORKS happen – we hope to welcome all of you back and invite more to the party!

Learn more about any and all opportunities for *production, tech, front-of-house, box office, marketing, and administrative volunteers*. ***Jump Into WATERWORKS!*** will also serve as **general auditions for the festival (age 15+)**.

### **WATERWORKS Audition Info:**

Actors aged 15+ are invited to learn about acting opportunities, ask questions about the festival, and audition for our WATERWORKS actor pool during the *Jump Into WATERWORKS!* event on February 24.

Please email [volunteer@livearts.org](mailto:volunteer@livearts.org) to reserve your audition slot. We will accommodate as many walk-ins as possible, but reserving a slot will avoid a long wait time.

What to prepare: No need to prepare a monologue! Just please come prepared to fill out a conflict calendar for March 15-June 2, 2024. We will ask actors to do a cold reading\* with materials provided upon arrival. These auditions will be recorded.

*\*What's a cold reading? You will be given a pre-marked section of a script, have a few minutes to look it over, and then read it aloud for a small panel of directors.*

CAN'T MAKE IT? We would still love to have you join our actor and volunteer pool! Please email [volunteer@livearts.org](mailto:volunteer@livearts.org) for information about submitting your audition materials digitally or with any questions about the festival.
